Claims he was appointed by Myron MATVIENKO, Chief of COW/B/SB to serve as his contact man to CIC. Claims also that in 1950 he was handled by CIC Agent Edward SHICK from Regensburg Region.

CIC is of the studied opinion submitted from various regions, that KASHUBA is a ruthless member of the SB Liquidation Squad, who has more than one murder on his conscience. His recent activity has been conspicuous through its brutality, ruthlessness and singularity of purpose.

It is the opinion of the undersigned that it would be undesirable and detrimental to the security, law and order of the United States of America if KASHUBA were permitted to emigrate.

It is recommended that JABLON-JAOWLJ be questioned by the FBI to substantiate the allegation that the SB has collaborated with Soviet Intelligence in Prague during 1946.

Notation in another related report: JABLON (YABLON) was told first hand by KASHUBA that until 1942, he, KASHUBA was in Soviet Army Intelligence.
